Date  
4 September 2024

**Subject: Final electricity unit prices for April, May and June 2024 and energy price forecast for October, November and December 2024**

Dear Sir/Madam,

We would like to inform you that according to the information received from MÁV Zrt., the traction electricity unit price for the second quarter of 2024 was the following:

April 2024: **59.1646 HUF/KWh**  
May 2024: **59.9625 HUF/KWh**  
June 2024: **60.0206 HUF/KWh**

According to the information received from MÁV Zrt., the traction electricity unit price **for the fourth quarter of 2024 is expected** to be **76.8664 HUF/KWh** (calculated at the exchange rate of HUF 400/EUR). The calculation is done at the EUR/HUF exchange rate applicable on the first day of the month following the month of consumption.

Similarly to the previous months, the final costs can only be determined subsequently, once your orders and our transport tasks will have been completed.

Once our Company has received the final electricity bill, its impact on the freight charges will be settled in the tariffs/contract for 2024 as agreed so far with you. If you have any questions, feel free to contact our Sales colleagues.

Yours sincerely,

Adrián Sárdi  
Sales Support Leader

Bernadett Balázs  
Sales Operation Director
