12 September 2023

**Subject: Renovation of railway line 1**

Dear Partner,

We would like to inform you that according to the notification of MÁV Zrt, **the reconstruction of railway line 1 (Budapest - Hegyeshalom - Rajka). will start on 18 September 2023** and is expected to be completed by the end of this year. The reconstruction works include not only the tracks of this line but also the tracks of the stations and will be carried out according to the following schedule.

- 18.09.2023 - 26.10.2023 - Biatorbágy - Szárliget closure of the left track on the whole length and closure of both tracks at night for 4 hours
- 27.10.2023 - 17.11.2023 - Biatorbágy - Szárliget complete closure of both tracks
- 18.11.2023 - 09.12.2023 - Biatorbágy - Szárliget closure of the right track on the whole length and closure of both tracks for 4 hours at night

During the renovation works, timetable of passenger trains will also change, and the **RU's goods trains are also likely to have to travel via a diversion.**

Significant operational difficulties, congestion, extended transport times and cost increases can be expected during the closures required for the renovation.

Our company will do its best to continue to provide services as usual during the track closure and we will close cooperate with our partners to optimise services and plan diversions. The BU responsible can provide information on the possible diversions and the most important technical and commercial information.

Please take these restrictions into account when planning the transport of your consignments.

We will inform our partners as soon as possible about the latest information on the reconstruction works, but we also recommend you to follow the notices on the website of MÁV Zrt.
