Date  
2 December 2024

**Subject: Final electricity unit prices for July, August and September 2024 and energy price forecast for January, February and March 2025**

Dear Sir/Madam,

We would like to inform you that according to the information received from MÁV Zrt., the traction electricity unit price for the third quarter of 2024 was the following:

July 2024: **67.5355 HUF/KWh**  
August 2024: **63.7206 HUF/KWh**  
September 2024: **61.8189 HUF/KWh**

According to the information received from MÁV Zrt., the traction electricity unit price **for the first quarter of 2025 is expected** to be **87,4041 HUF/KWh** (calculated at the exchange rate of HUF 410/EUR). The calculation is done at the EUR/HUF exchange rate applicable on the first day of the month following the month of consumption.

Similarly to the previous months, the final costs can only be determined subsequently, once your orders and our transport tasks will have been completed.

Once our Company has received the final electricity bill, its impact on the freight charges will be settled in the tariffs/contract for the current year as agreed so far with you. If you have any questions, feel free to contact our Sales colleagues.

Yours sincerely,

Adrián Sárdi  
Sales Support Leader

Bernadett Balázs  
Sales Operation Director
